

Here I Am
Eddie James

Vrs. 1

I'm not sure how to love someone like You

How can You so great and holy

Receive the worship of someone like me

All I have seems insignificant and small

But I freely give it all to You

Cho:

Here I am to worship You

Here I am to honor You

May my life be a praise that will glorify Your name

Here I am to lift You high

To lift my voice with tears in my eyes

All I desire is to love You with everything I am
